Payment of ex-gratia compensation to contractors employed on Central Government Works for loss consequent on civil disturbances.

I am directed to say that the Governor General in Council has accepted the principle that ex-gratia compensation may be paid to contractors employed on Central Government works by the various constructional agencies, e.g. Military Engineer Services, Central, Provincial and State Public Works Department, etc. on account of loss or damage sustained by them consequent on civil disturbances. This is not to be regarded as relieving the contractor of any of his responsibilities under the terms of his contract. Each case will be examined on its merits and the orders of the Government of India will be taken thereon.

2. I am to add that contractors will not be required to insure against such risks and Government will accept no liability for any premia paid on this account
